Let's take a journey.

The majority of people in the country are failing to properly manage their spending, savings, risks and giving. Statistics shed light on our reality:

- 75% of Americans live paycheck to paycheck*
- 73% of Americans who die today are \$62,000 in debt*
- 70% of Americans have less than \$1k saved for emergencies*
- 69% of Americans ages 55-65 have less than \$100k saved for retirement (56% have less than 10K)*
- 70% of Christians can't give back to their church. Experiencing the joy of giving is nearly impossible when all income goes straight to personal lifestyle, taxes and debt.*

The Thrivent Way

Our mission statement guides us in all we do...

- **We are** a membership organization of Christians, and our members are our owners.
- **Our purpose** is to serve our members and society by guiding both to be wise with money and live generously.
- **We believe** that all we have is a gift from God and that generosity is an expression of faith.
- **We succeed** when our members, their families and their communities thrive.
- **We value** our relationships, so we will: Be trustworthy in character and competence, and Act like owners and treat each other as owners, and Live balanced and generous lives.
